

# HOW TO TRANSFER

TIPS AND TRICKS FOR TRANSFERRING TO THEATRE UCF

## START HERE

If you are planning to transfer to UCF and majoring in Theatre, this guide will help you focus on the best courses to transfer into our programs. We have found that students who take these courses prior to transferring have a smoother transition and shortened time to completing their degree.

**If you want to major or minor in Theatre you must audition/interview the year before you enroll. Admission to UCF does not automatically admit you to the Theatre Department.**
